# Saturday Market

MARKETPLACE • COMMUNITY • CELEBRATION

## From Beth

The Market has been well attended this year. Folks who have been with us countless times mix with those new to the market. And there is always something new and different. But the colors, sights and sounds can be downright distracting as folks cross the street or just walk on the sidewalk. As market members, we have to have an extra eye out for safety. Please be careful as you drive in and out of the market in the morning and afternoon and watch for cars throughout the day. Don't dart across the street to save a second. Please tell staff if there is a trip hazard or a spill that needs cleaning up. Keep an eye out in your neighborhood for children and those that might need a hand. The market is like a small town.

Stay safe and have a lovely Saturday.

~Beth

## Small Error in Credit Card Checks

Oops! An extra percentage charge was taken out of last week's checks for credit card sales. In some cases this was a matter of cents. However, if it was a significant amount and you would like reimbursement, please send us a note and we will write a check for the balance. Thanks for understanding!

## Committee Corner

The Standards committee met this past week. They assessed new prepackaged foods, the use of commercially made flowers and recycled clothing. They heard feedback from a vendor on sewn products and decided to learn more about fused glass at their next meeting.

The Sustainability Committee will meet this week on Wednesday at 1 pm. They will discuss durables, work plan, bike parking map, and creating a sustainability handbook.

## Holiday Market Update

### Plus All About HM Space Selection

Your Holiday Market application should have arrived by now. If you haven't seen it yet, let us know

and we will re-send. The deadline for returning Booth Holder of Record applications is July 24.

For those of you that are new to the Holiday Market booking experience, here is a primer. The first thing that has to happen before we can book the Holiday Market is that Booth Holders of Record need to officially reserve their spaces. We cannot proceed until the Booth Holders return their applications and pay 25% of the booth fee to keep their space. If a Booth Holder is keeping their space, their checks are receipted and deposited.

As soon as every Booth Holder has told us that they are either returning or giving up their space, we go to pending applications in order of Holiday Market points. The stack will have members hoping to get a space along with Booth Holders keeping their space but hoping to trade to a better space in point order.

If you are not a Booth Holder, we will not receipt or deposit the payments until we come to your application, call you and come to an agreement on your space. Sometimes it can be difficult to figure out how much money to send in if you do not know what size of space you will have or how many days. Just do your best and send in a check with what you estimate to be a quarter of the payment. Upon acceptance of a space, we will work it out with you.

It is a hurry up and wait process

which, upon a call from Vi, will turn into hurry up again. We will usually work about three people ahead, meaning that we may call you and ask for your first three choices while waiting for folks ahead of you to make their decision. Keep your map by your phone so you can mark the available spaces in order to consider which is best for you. It is also on the website under the membership application link. If you have less than 20 points, it could be end of August or the beginning of September until we call you. Traditionally, we have had the show booked by the end of September.

Remember that HM applications and payments go together! We cannot accept your application without payment. Likewise, we cannot accept HM payments until we have your application.

Please give a call if you have any further questions, 686-8885.

## Keep Meters Clear

Remember that if you are set up next to a parking meter, that meter has to be visible and accessible to the folks that park in the space. You might even point out to visitors that they need to pay the meter if they don't notice it.
